ANNUAL REPORT AND ACCOUNT
OF THE WRG ASBESTOS PI TRUST
FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015

Lewis R. Sifford, Harry Huge, and Dean M. Trafelet, the Trustees of the WRG Asbestos PI Trust (the “Trust”), created pursuant to the First Amended Joint Plan of Reorganization Under Chapter 11 of the Bankruptcy Code of W. R. Grace & Co., et al., the Official Committee of Asbestos Personal Injury Claimants, the Asbestos PI Future Claimants’ Representative, and the Official Committee of Equity Security Holders as Modified Through December 23, 2010, (the “Plan”), submit this Annual Report, Financial Statements, and Claims Summary for the fiscal year ending December 31, 2015.

I. INTRODUCTION

The purpose of this Annual Report is to fulfill the reporting requirements of the WRG Asbestos PI Trust Agreement (the “Trust Agreement”) and to report to the Court on the actions taken by the Trustees on behalf of the Trust during the period January 1, 2015 to December 31, 2015 (the “Reporting Period”).

Section 2.2(c) of the Trust Agreement provides:

The Trustees shall timely account to the Bankruptcy Court as follows:

- (i) The Trustees shall cause to be prepared and filed with the Bankruptcy Court, as soon as available, and in any event within one hundred and twenty (120) days following the end of each fiscal year, an annual report (the “**Annual Report**”) containing financial statements of the PI Trust

(including, without limitation, a balance sheet of the PI Trust as of the end of such fiscal year and a statement of operations for such fiscal year) audited by a firm of independent certified public accountants selected by the Trustees and accompanied by an opinion of such firm as to the fairness of the financial statements' presentation of the cash and investments available for the payment of claims and as to the conformity of the financial statements with generally accepted accounting principles. The Trustees shall provide a copy of such Annual Report to the TAC¹ and the Futures Representative when such reports are filed with the Bankruptcy Court.

- (ii) Simultaneously with the filing of the Annual Report, the Trustees shall cause to be prepared and filed with the Bankruptcy Court a report containing a summary regarding the number and type of claims disposed of during the period covered by the financial statements. The Trustees shall provide a copy of such report to the TAC and the Futures Representatives when such report is filed.
- (iii) All materials required to be filed with the Bankruptcy Court by this Section 2.2(c) shall be available for inspection by the public in accordance with procedures established by the Bankruptcy Court and shall be filed with the Office of the United States Trustee for the District of Delaware (the "**U.S. Trustee**").

The Trust Agreement further provides for the inclusion of a description of the amounts paid to the Trustees, TAC, and FCR in the accounts filed with the Bankruptcy Court and a description of any modification or amendments to the Trust Agreement or Trust Distribution Procedures (the "TDP"). See Sections 4.5(c), 5.6, 6.5, and 7.3.

II. BACKGROUND

On April 2, 2001, W. R. Grace & Co. and certain of its subsidiaries, debtors and debtors-in-possession in the above-captioned cases (collectively, the "Debtors"), filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code. On January 31, 2011, the Court entered an order in these cases confirming the Plan and on February 15, 2011, the

¹ Trust Advisory Committee.

Bankruptcy Court entered an order clarifying the prior order. On June 11, 2012, the United States District Court for the District of Delaware affirmed the Bankruptcy Court's confirmation order. Certain parties appealed the judgment of the District Court to the United States Court of Appeals for the Third Circuit (the "Third Circuit"). The Third Circuit affirmed the judgment of the District Court in each such appeal except for one and the period for petitioning the Supreme Court of the United States for *certiorari* review for such affirmed appeals expired with no such petition being made. The Third Circuit dismissed the final remaining appeal with prejudice on February 3, 2014, pursuant to a stipulated dismissal agreement between the parties. On February 3, 2014 (the "Effective Date"), the Plan became effective and the Trustees began to manage the affairs of the Trust.

On or after the Effective Date, the Trust was funded as provided for in Section 7.2.2 of the Plan. The purpose of the Trust is to assume the liabilities of the Debtors, their predecessors and successors in interest, for all Asbestos PI Claims, as defined in the Plan, and to use the assets and income of the Trust to pay both present and future asbestos claimants in accordance with the Trust Agreement and the Trust Distribution Procedures in such a way that holders of Asbestos PI Claims are treated fairly, equitably, and reasonably in light of the finite assets available to satisfy such claims. See Trust Agreement, Section 1.2.

III. TRUST ADMINISTRATION

A. Trustees

Lewis R. Sifford, Harry Huge, and Dean M. Trafelet served as the Trustees of the Trust during the Reporting Period. Lewis R. Sifford served as the Managing Trustee during the Reporting Period.

During the Reporting Period, the Trustees held formal meetings in accordance with the requirements of the Trust Agreement. These meetings were designated as “regular meetings” under the Trust’s By-laws. Each meeting was in person and was attended by representatives of the TAC and the FCR. In addition to these formal meetings, the Trustees held regularly scheduled weekly teleconferences, met individually with Trust advisors, held executive session and special purpose meetings, and devoted considerable time to Trust matters outside of scheduled meetings. Activities included monitoring and exercising oversight over the investment of Trust assets and the processing of claims pursuant to the Trust Distribution Procedures, and communicating with claimants regarding operations of the Trust and the processing of claims.

B. Trust Officers

Analysis Research Planning Consulting (“ARPC”) served as the Trust’s Executive Director during the Reporting Period.

C. Trust Advisory Committee

Russell W. Budd, John D. Cooney, Joseph F. Rice, Perry Weitz and Steven Kazan² served as Members of the Trust Advisory Committee (the “TAC Members”) during the Reporting Period.

D. Futures Representative

Roger Frankel served as the Futures Representative (the “FCR”) during the Reporting Period.

² Effective as of May 13, 2014, the Trust Agreement was amended with the consent of the TAC and FCR to increase the number of TAC Members to five (5). Steven Kazan became the fifth TAC Member.

E. Claims Processing

During the Reporting Period, the Delaware Claims Processing Facility began to process the Trust's claims. The terms of the Trust's ownership interest in the Delaware Claims Processing Facility are detailed in the Audited Financial Statements³.

F. Investment Management

Cambridge Associates LLC of Boston, Massachusetts continues to serve as the Trust's investment advisor. Cambridge Associates represents other asbestos settlement trusts and has significant experience advising such trusts on investment management. Cambridge Associates advises the Trustees on asset allocation, meeting liquidity needs, and the selection and oversight of individual investment managers for the Trust's portfolio. The Trust's invested assets are allocated in compliance with the Trust's investment guidelines. The Trust's investments are invested in fixed income, equity, and hedge fund investments recommended by Cambridge Associates after consideration of the currently forecasted timing of the liquidity needs of the Trust to pay claims and expenses, diversification, the Trust's status as a federal tax paying "qualified settlement fund," and such other factors as Cambridge Associates considers relevant to forming its recommendation. The asset allocation at the end of the reporting period is approximately as follows: 86% of the Trust's invested assets are committed to fixed income; 10% of the Trust's invested assets are committed to equities; 4% of the Trust's invested assets are committed to hedge fund managers.

The Trust continues to retain: Independent Franchise Partners, Kiltearn, Northern Trust, and Select Equity as equity managers; Breckinridge Capital, Deutsche Bank, Eaton Vance and First Principles Capital Management and Income Research & Management as municipal bond

³ Audited Financial Statements at Note 4.

managers. The Trust also continues to retain the following managers in the hedge fund program: BlueMountain, DL Partners, Och-Ziff, Governors Lane, GSO, Hitchwood, Sachem Head, Force, Luxor, Sheffield and Three Bays. The hedge fund program invests in well diversified arbitrage strategies and secondarily in long/short equity strategies. Broadly speaking, the hedge fund program is intended to generate, over a full market cycle, close to equity-like returns with lower volatility and lower correlation to the rest of the Trust's portfolio. The other expected benefits of the hedge fund program are diversification (e.g., access to specialized strategies not otherwise available in the other equity or fixed income investments), superior performance (versus long-only equities) in down equity markets, and access to some of the most talented investment managers. At Cambridge Associates' recommendation, the Trust has retained hedge fund managers who use no or minimal leverage, who employ trading strategies that are understandable to the Trustees, and who provide appropriate portfolio transparency to Cambridge Associates and to the Trust.

Northern Trust serves as Custodian for the Trust's separately managed investment accounts. The Trust utilizes custodian accounts, ACH transfer and zero-balance banking accounts to reduce its exposure to bank risk.

During the Reporting Period, the Trustees regularly met with Cambridge Associates for updates and reports on the Trust's investments.

G. Insurance Coverage Litigation

Upon the Effective Date, pursuant to the Plan, the Trust received the right to pursue certain unsettled insurance coverage and the rights to certain proceeds paid pursuant to Asbestos PI Insurance Settlement Agreements. The Trust retained the firm of Anderson Kill, P.C. as Special Insurance Counsel to the Trust. Prior to the Effective Date of the Plan of

Reorganization, the Debtors and other Plan Proponents reached settlement agreements with many of the Debtor's historical insurance companies that required the settling insurance companies to make cash payments to or for the benefit of the Trust. Certain of those agreements required the settling insurance companies to make payments into escrow accounts during the pendency of the bankruptcy case, and those escrow accounts were released to the Trust in the first quarter of 2014. Certain other settlement agreements required the insurance companies to pay settlement proceeds to the Trust after the Plan's Effective Date in 2014, and the Trust received substantial payments from insurance companies in 2014. In addition, some of these settlement agreements require the settling insurance companies to make payments to the Trust on agreed-to payment schedules that extend beyond 2014 or to reimburse the Trust as the Trust pays claims. As a result, the Trust anticipates receiving additional payments through 2020 under these settlement agreements. Although the Plan Proponents settled with many of the Debtors' insurance companies prior to the Plan's Effective Date, they did not settle with all of the Debtors' insurance companies. Accordingly, in 2014, the Trust initiated settlement discussions with some solvent and insolvent domestic insurance companies (and state insurance guaranty associations) that had not settled with the Plan Proponents prior to the Plan's Effective Date. In 2014, three insurance companies, Geico, Republic and Axa filed a declaratory judgment against the Trust seeking a declaration that they do not owe any or at most limited coverage to the Trust. As claims have not yet reached the level of these excess insurance policies, the U.S. District Court for the Southern District of New York put their action on a suspense docket until the issue of coverage with these excess insurance companies becomes ripe.

H. Counsel

Campbell & Levine, LLC of Pittsburgh, Pennsylvania and Wilmington, Delaware serves as general counsel to the Trust. Kaplan, Strangis & Kaplan, P.A. of Minneapolis, Minnesota and Keating Muething Klekamp, PLL of Cincinnati, Ohio serve as Special Securities Counsel and Anderson Kill, P.C. of New York, New York serves as Special Insurance Counsel to the Trust.

IV. ANNUAL REPORT AND ACCOUNTING

During the reporting period, the Trust paid a total of 3,698 Pre-Petition Liquidated PI Trust Claims. Of the claims paid, there were 116 malignancy claims and 3,582 non-malignancy claims. After application of the payment percentage and applicable sequencing adjustment, the Trust paid approximately \$8.5 million to asbestos victims in settlement of their Pre-Petition Liquidated PI Trust Claims. The malignant to nonmalignant ratio of the Pre-Petition Liquidated PI Trust Claims paid in number was 1/31 and the malignant to nonmalignant ratio of the Pre-Petition Liquidated Trust Claims in dollars paid was 1.6/1.

During the reporting period, the Trust received 67,889 Unliquidated PI Trust Claims and paid a total of 47,379 claims. Of the claims paid, there were 9,065 malignancy claims and 38,314 non-malignancy claims. The malignant to nonmalignant ratio of the Unliquidated PI Trust Claims paid in number was 1/4 and the malignant to nonmalignant ratio of the Unliquidated Trust Claims in dollars paid was 5.6/1.

A summary of the claims processing procedures and policies may be found at the Trust website at www.wrgraceasbestostrust.com.

WRG Asbestos PI Trust
Wilmington, Delaware

We have audited the accompanying special-purpose financial statements of the WRG Asbestos PI Trust (the Trust) (a statutory Trust created under the laws of the State of Delaware), which comprise the special-purpose statements of assets, liabilities, and net assets available for the payment of claims as of December 31, 2015 and 2014, and the related special-purpose statements of changes in net assets available for the payment of claims and the special-purpose statements of cash flows for the year ended December 31, 2015 and the period from February 3, 2014 (inception) through December 31, 2014, and the related notes to the special-purpose financial statements.

Management's Responsibility for the Special-Purpose Financial Statements

Management is responsible for the preparation and fair presentation of these special-purpose financial statements in accordance with the basis of accounting described in Note 2 to the special-purpose financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of special-purpose financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these special-purpose financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the special-purpose financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the special-purpose financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the special-purpose financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the special-purpose financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the special-purpose financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

Opinion

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the assets and liabilities of WRG Asbestos PI Trust as of December 31, 2015 and 2014, and the additions, deductions and cash flows for the year ended December 31, 2015 and the period from February 3, 2014 (inception) through December 31, 2014, in accordance with the basis of accounting described in Note 2 to the special-purpose financial statements.

Basis of Accounting

We draw attention to Note 2 of the special-purpose financial statements, which describes the basis of accounting. As described in Note 2, these special-purpose financial statements were prepared on a special-purpose basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter. The special-purpose basis of accounting has been used in order to communicate the amount of net assets presently available to fund current and future claims.

Restriction of Use

Our report is intended solely for the information and use of the management of the Trust, the Trustees, the Future Claimants' Representative, the Trust Advisory Committee, the beneficiaries of the Trust, and the United States Bankruptcy Court for the District of Delaware and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report which, upon filing with the United States Bankruptcy Court for the District of Delaware, is a matter of public record.

The Trustees are responsible for supervising and administering the Trust and the use of the Trust's assets and income to pay the holders of all Asbestos PI Trust Claims in accordance with the terms of and the purposes set forth in the Trust Agreement and the TDP.

Notes to the Special-Purpose Financial Statements

2. Summary of Significant Accounting Policies

Basis of presentation

The Trust's financial statements are prepared using special-purpose accounting methods adopted by the Trust, which differ from accounting principles generally accepted in the United States of America (GAAP). The special-purpose accounting methods were adopted in order to communicate to the beneficiaries of the Trust the net assets available for the payment of claims and the related operating expenses of the Trust. Since the accompanying special-purpose financial statements are not based upon GAAP, the accounting treatment by other parties for these same transactions may differ as to timing and amount. The special-purpose accounting methods include the following:

- Assets are generally recorded when they are received by the Trust and are available for the payment of asbestos claims.
- Future fixed liabilities under contractual obligations and other agreements entered into by the Trust are recorded as deductions from net assets available for the payment of claims in the same period that such contractual obligations or agreements are signed. Under GAAP, liabilities and contractual obligations are recorded over the period that is benefited by the underlying contract or agreement.
- The full amounts of claims are expensed in the period in which the confirmed claims are settled. A settled claim is a claim that has been allowed by the Trust and accepted by the claimant, with an approved release. Under GAAP, a liability would be recorded for an estimate of the amount to be paid for claims that have been incurred but not yet reported, and for those claims that have been submitted but not yet approved for payment by the Trust.
- Payments for services to be received over an extended period in the future are expensed as paid because these amounts are no longer available for the payment of claims. Under GAAP, an asset would be recorded and amortized over the period in which the related benefits are received.
- Payments for property and equipment are expensed as incurred. Under GAAP, payments for property and equipment are capitalized and depreciated over the useful lives of the assets. To date, the Trust has incurred no expense related to purchases of property and equipment.
- Income tax expense is estimated and recorded as incurred in the period in which certain income and expense items affect current federal income taxes payable. Under GAAP, the provision for income taxes is recorded based upon income reported for financial statement purposes, and federal and state income taxes both currently payable and changes in deferred taxes due to differences between financial reporting and tax bases of assets and liabilities. Under GAAP, deferred taxes include a provision for taxes attributable to changes in unrealized gains and losses on investments.
- Asbestos insurance recoveries are not recorded until the funds are received from the insurance carriers. These recoveries come from various insurance settlements, which were obtained by WRG and related entities including Debtors and other affiliates and assigned to the Trust. The insurance policies cover, among other things, products and general liability claims. Future recoveries under such settlements have been assigned to the Trust pursuant to the

WRG Asbestos PI Trust

Notes to the Special-Purpose Financial Statements

Confirmed Plan. Under GAAP, asbestos insurance recoveries are recorded upon settlement and assurance of collectability.

- Under GAAP, for financial statement disclosure purposes all investments would be categorized based on the priority of inputs used to measure fair value. Under GAAP, inputs used in measuring fair value are categorized into three levels. Level 1 includes inputs that are based upon quoted prices for identical instruments traded in active markets. Level 2 includes inputs that are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar investments in markets that are not active, or models based on valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the investment. Level 3 includes inputs that are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques. The accompanying special-purpose financial statements do not categorize all investments into these levels.

Use of estimates

The preparation of financial statements in conformity with the special-purpose accounting methods described above requires the Trust to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and the disclosures of contingent assets and liabilities at the date of the special-purpose financial statements, as well as the reported amounts of additions and deductions to the net assets available for the payment of claims during the reporting period. Actual results could differ from those estimates and such differences could have a material effect on the net assets available for the payment of claims.

Cash equivalents

The Trust considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

Investments

Investment securities are stated at fair market value. Fair market value for investment securities, other than hedge funds, are based on quoted market prices for identical or similar instruments traded in active markets as of the date of the special-purpose financial statements. The fair market value for hedge funds is based on the Trust's proportionate share of each funds' net assets, as reported as of the date of the special-purpose financial statements. The net appreciation or depreciation in fair market value of investments in the accompanying special-purpose statements of changes in net assets available for the payment of claims consists of realized gains or losses on sales of investments and the changes in unrealized gains or losses on investments held. Investment income is recognized when earned. All interest and dividend income, net of investment expenses, are included in interest and dividend income in the accompanying special-purpose statements of changes in net assets available for the payment of claims. Gains and losses on sales of investment securities are determined using the average cost method.

WRG Asbestos PI Trust

Notes to the Special-Purpose Financial Statements

Accrued expenses and accounts payable

Accrued expenses and accounts payable consist of accruals and outstanding invoices associated with managing and operating the Trust.

Operating expenses

Operating expenses of the Trust are paid from the net assets available for the payment of claims when invoices are received.

Claims processing expenses

Claims processing expenses are paid from net assets available for the payment of claims when invoices are received.

Income taxes

The Trust is classified as a Qualified Settlement Fund pursuant to the Internal Revenue Code and Regulations thereunder (the Code). As a result, the Trust is subject to federal income taxation based on modified gross income, as defined by the Code. In the opinion of the Trustees and advisors, the Trust is not subject to state income taxes and, therefore, the special-purpose financial statements do not include any provision or liability for state income taxes.

Income tax expense is estimated and includes amounts payable or receivable under current federal income taxes.

The Trust records income tax expense (or benefit) associated with amounts payable (or receivable) under current federal income taxes, and does not record a provision for (or benefit from) deferred taxes. Accordingly, there is no provision for deferred taxes associated with changes in cumulative unrealized gains and losses on investments (see Note 5). The income taxes associated with gains on investments will be recorded in the Trust's special-purpose financial statements when the net gains are realized (i.e. the securities are sold) and the taxes become currently payable.

Risks and uncertainties

The Trust's assets that are exposed to credit risk consist primarily of cash and cash equivalents and investments in equity securities, municipal bonds, and hedge funds. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. The Trust has never experienced any losses related to these balances. Amounts on deposit in excess of federally insured limits at December 31, 2015 approximate \$107 million.

The Trust invests in a professionally managed portfolio that contains common shares of publicly traded companies, U.S. and Canadian government obligations, money market funds, and hedge funds. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Trust's account balance and the amounts reported in the special-purpose statements of assets, liabilities and net assets available for the payment of claims.

The terms of the Warrant Agreement and the Warrants were subject to and modified by a letter agreement (Warrant Implementation Agreement), dated October 25, 2012, among WRG, the Committee of Asbestos Personal Injury Claimants, the Asbestos PI Future Claimants' Representative and the Official Committee of Equity Securities Holders, which was approved by the Bankruptcy Court on December 11, 2012. The Warrant Implementation Agreement provided that WRG would purchase from the Trust and the Trust would sell to WRG the Warrants on the earlier of the date the Trust delivered written notice to WRG of its election to require WRG to purchase the Warrants and the expiration date of the Warrants. The Warrant Implementation Agreement provided that WRG would repurchase the Warrants from the Trust for a price equal to the average of the daily closing prices of WRG Common Stock during the period commencing one day after the Effective Date and ending on the earlier of (A) the day prior to the date on which the Trust elected to sell the Warrants back to WRG and (B) the expiration date of the Warrants, multiplied by 10 million (the number of shares of WRG Common Stock issuable under the Warrants), less \$170 million (the aggregate exercise price of the Warrants), provided that if the average of the daily closing prices was less than \$54.50 per share, then the repurchase price would be \$375 million, and if the average daily closing prices exceeded \$66.00 per share, then the repurchase price would be \$490 million.
